TAT ZONE II CONTRACT
ECOLOGY AND ENVIRONMENT, INC.
CONTRACT NO. 68-WO-0037
TECHNICAL DIRECTION DOCUMENT (TDD)

1A. Cost Center:
1B. Account No.:
3A. Priority: High

2. TDD No.: T05-9405-006

4A. Estimate of 5A.
Total Hours: 100
Total Costs: \$8,000
4B. Overtime Approved: yes
6. Source of Funds: CERCLA
7. CERCLIS ID#:

3B. Key EPA Contact:
Name: Borries
Phone:

5A. EPA Site Name:
Sauget Area One
5B. SSID# 4V
5C. City/County/State
Sauget/St. Clair/IL

8A. Completion Date: 07/30/94
8B. Reference Info: No

9. Type of Activity:
Site Assessment

11. Desired Report Form:
Formal

10. General Description:

12. Specific Elements:

Prepare and implement Health & Safety Plan; compile available information; conduct site inspection; conduct air monitoring as appropriate; prepare and implement sampling plan, if requested by OSC; evaluate threat to human health and environment; provide verbal briefings to OSC as necessary; document on-site activities; provide photodocumentation; develop alternative removal approaches with cost estimates, if requested by OSC; assist with preparation of information for Action Memo, if requested by OSC. Confirms verbal given 5/6/94.

13. Interim Deadlines:

14. Authorising DPO:

Dale C. Nabors
(Signature)

15. Date:

5/6/94

16. Accepted by TATL (note any exceptions):

J. R. H.
(Signature)

17. Date:

5/6/94

Contractor:	Ecology and Environment, Inc.		TDD No. T05-9405-006
Reporting Element: REGION V TAT	Date(s) of Reported Observation 5/6/94 - 9/7/94	Approx. No. of Hours 250	Account No. EIL08368AA
Performance Evaluation Category: SITE ASSESSMENT - SAUGET AREA 1 (SITE G)			
<p>Description of Contractor Observation By: STEVEN SKARE - The TAT was tasked to perform a site assessment at the Sauget Area 1 site located in Sauget, Illinois. The site is an abandoned, partially covered industrial landfill that has experienced a series of surface fires over the past several months. The TAT performed a site inspection and conducted soil, surface water, and air sampling to determine the potential threat to the health and the environment. During the air sampling, the TAT mobilized an industrial hygienist with an extensive air sampling background to the site to provide expertise for the situation. The assigned work was performed in conjunction with other scheduled work in the area, saving the U.S. EPA time (SEE ATTACHMENT)</p>

SITE ASSESSMENT
TDD # T05-9405-006

and costs. Work was performed with constant input from OSC and other contracts. Under a separate special project, the TAT coordinated infrared survey of the site using a helicopter flyover. The flyover was conducted at late evening hours in a half day, thus saving the client further costs and hours. A final report including a cost projection and an attached letter report, was submitted to the U.S. EPA.
